

# Farmtech – what guides us

**We develop and produce agricultural transport vehicles and spreaders for solid manure.**

**Passion for agriculture connects us with our partners and customers.**

**Through practice-oriented innovation, we strive for a technologically leading market position in Central and Southeast Europe.**

**Customer value is the focus of everything we do.**

**Our group is aligned towards sustained revenues and solid growth.**

## **Our employees**

We achieve our goals as a team.  
We take responsibility.

## **Our management**

We define clear goals and rules, and follow up on them.  
We set an example through character, discipline and responsible actions.  
We identify potential, develop strengths and stipulate results.

## **Our philosophy**

We strive for long-term and mutually successful partnerships.  
We treat everyone with respect.  
Our actions are oriented towards ethical principles.
